VOL. XXVI, NO. 58

GAINESVILLE, FLORIDA, THURSDAY, APRIL 15, 1909

TEN CENTS A WEEK

REAPPORTIONMENT WAS DISCUSSED BY SENATE

Committee Authorized to Prepare Bill to be Submitted to Both Houses.

TALLAHASSEE, April 14.—A joint committee, whose duty it shall be to devise a plan for the reapportionment of the State, will be appointed if a resolution by Senator Beard is acted upon favorably. When the matter was brought up in the Senate Monday some of the Senators opposed bringing the matter up, as they claimed that the matter should now be allowed to go over until 1917. Others thought, however, that under the spirit of the constitution the matter should be taken up now and the sins of omission of the 1907 Legislature carried no further. It will soon be taken up.

A pure food and drug act by Senator Sloan of Lakeland was among the important bills introduced.

A feature of the morning session was the raising of the question of electing a U. S. Senator, by Senator Beard. The constitution provides that the election should be on the second Tuesday after the organization of the Legislature. Mr. Beard questioned if this was not the second Tuesday, as on the previous Tuesday organization was perfected. A recess was taken and a special committee investigated the matter. Mr. Beard, however, looked the matter up himself and announced that he had found that the election should be on the ensuing Tuesday. The matter was then dropped without hearing the committee report.

Routine Proceedings.

Thirty members were present when the Senate was called to order at 10 o'clock. Prayer was offered by the chaplain.

Bills were introduced as follows: Senate Bill No. 120, by Mr. McCreary—Relief W. A. Snowden, Micanopy; claims.

No. 103, by Humphries—Relating to life certificates; education.

No. 104, by Horsford—Creating State board of pensions; pensions.

No. 105, by Crill—Relative to age of consent; judiciary B.

No. 107, by Crill—Relative to cohabitation; judiciary A.

No. 108, by Crill—Pure food and drug act; judiciary A.

No. 109, by Crill—Relative to enticing away; judiciary B.

No. 110, by Williams—Regulate killing and butchering of cattle; judiciary A.

Concurrent Resolution No. 4, by Beard, on second reading, relating to reapportionment. It provided for joint committee of five to consider and report a bill for reapportionment. The resolution then went on its

passage. Mr. Beard asked for a division. Mr. Massey and Mr. Crill opposed aye and nay vote, as they felt that such vote might commit the Senate to a bill drawn by the committee.

Mr. Miller held that under the spirit of the constitution the Legislature should wait until 1917. The resolution was adopted by a vote of 16 to 13.

Senate Concurrent Resolution No. 5, by Mr. Baker of the 29th—For committee to visit Deaf, Dumb and Blind Institute at St. Augustine was adopted.

Bills on Second Reading.

Joint Resolution No. 18, by Beard—Constitutional amendment on suffrage. Reported favorably. Special order Thursday at 4 p. m.

Mr. Beard raised a question that the Legislature should elect United States Senator today instead of next Tuesday.

The Chair pointed out that it will be next Tuesday.

To get the question before the Senate, Mr. Beard moved that United States Senator be elected at 12 o'clock. Mr. McCreary said all precedent was against it. Mr. Beard simply made the motion to get the sense of the Senate.

Mr. Crill moved as a substitute that a recess of twenty minutes be taken while a committee of three investigate question. Adopted. The Chair appointed Messrs. Crill, Beard and Harris on the committee.

Mr. Beard moved, following investigation by himself, that consideration of his resolution go over until next Tuesday. The committee was discharged without reporting, as a result. Adjournment was then taken.

CALLISON—SPENCE.

Marriage at Residence of Dr. J. F. McKinstry, Jr., Wednesday.

There was a very quiet wedding solemnized Wednesday at high noon at the residence of Dr. J. F. McKinstry, Jr., when Mr. Newton A. Callison was united in the holy bonds to Mrs. Anita Hendricks Spence.

The ceremony was performed by Rev. T. P. Hay of the Presbyterian church and the couple took their departure on the noon train and will visit several important cities before returning here to make their future home.

THE NEWS FROM ARCHER.

Pleasant Easter Parties—Sad Death. Other News Notes.

ARCHER, April 14.—Mrs. E. E. Coulson of Bradentown is spending a few days with her parents, Mr. and Mrs. Thomas Pearson.

C. W. Banknight is visiting his daughter, Mrs. Joel Tucker, in Jacksonville this week.

J. E. Wells is back at his work again after a few weeks' visit with his family in Gainesville.

Miss Mary Phillips of Meredith and Miss Louise DePass of Gainesville visited Misses Allene and Louise Powell for a few days last week.

Mrs. Forney Fleming and son of Jacksonville came last week to spend some time with Mrs. George Fleming.

Mrs. Mary Scott of Ohio is visiting her cousin, Mrs. C. D. Wood.

Mr. and Mrs. W. H. Powell entertained the little folks Friday evening and Saturday afternoon in the way of an Easter party. Friday afternoon there were twenty-two present. The house was artistically decorated with eggs, rabbits, chickens and festoons of purple and yellow ribbons, that being the color scheme. The evening was spent in playing amusing games and contests, after which they were invited into the dining-room to a beautifully decorated table, where a delicious lunch was served consisting of chicken salad, sandwiches, olives, pickles, chocolate and vanilla cream and cake. The souvenirs were a tiny cotton chicken and a small rabbit filled with candy. After another guessing contest in which Mrs. Corn Morgan won the prize, the guests bid their host and hostess good night, thanking them for the very enjoyable evening.

Saturday afternoon thirty-one little folks were invited to have an egg hunt, many places in the large shady yard having been arranged for the nests. They enjoyed this and other games until late in the afternoon, when they were invited to a long table under the shade of the trees, where they had strawberry cream and nut cake, their souvenirs being tiny chickens filled with candy. It was a record of 100 but every little folk who wanted their way home late in the afternoon. Many Mrs. Pearson and Mr. G. C. Brown won the prizes for the little folks.

Mr. and Mrs. Monroe Venable will entertain a party of young people at

CONGRESSMAN CLARK SUBJECT OF DEBATE

Representative Jas. E. Alexander Wants Legislature to Pass Vote of Censure.

TALLAHASSEE, April 14.—Denouncing the attacks said to have been made upon Bryan and Champ Clark on the floor of the National House of Representatives by Congressman Frank Clark of the Second Florida district, and inviting him back into the Democratic fold, a resolution was introduced in the Lower House of the Legislature yesterday which precipitated a furious debate lasting nearly two hours.

The resolution was introduced by Representative James Alexander of Volusia county, and Mr. Alexander held the floor for over forty minutes while he bitterly denounced the attitude taken by Congressman Clark in Washington. Representatives MacWilliams of St. Johns and Malone of Monroe opposed the resolution, and there were many hot speeches on both sides.

A motion was finally carried by a vote of 59 to 8 that the matter lay over one week so that Mr. Clark can be present before the House when it is taken up, and defend himself. The

Congressional Record containing the speeches denounced will also be brought into evidence. The resolution is as follows:

"Whereas, the Hon. Frank Clark, M. C., Second District of Florida, in his recent speeches in the Congress of the United States, has bitterly assailed and violently attacked and denounced our matchless leader of the great Democratic party, William Jennings Bryan, and the Bryan Democracy of the country, and has also assailed and opposed the Hon. Champ Clark, our great and able leader of the Democratic party in the lower branch of Congress, claiming that he was obeying the instructions of the Legislature of Florida:

"Therefore be it Resolved, That the House of Representatives of the State of Florida hereby condemn and disapprove of such attacks and respectfully requests and instructs the Hon. Frank Clark to return to the Democratic fold and to cease his attacks upon the leaders and principles of the great Democratic party."

their home this evening in honor of Mrs. Venable's sister, Miss Jones.

The body of Mrs. W. D. Payne of Williston was brought here last week and laid to rest in Laurel Hill Cemetery. She was Miss Feta Pearson of this place before her marriage, and had many friends here who were pained at her death. The grave was covered with beautiful flowers. A number of friends came up from Williston with the family. She leaves besides her husband, her parents and two sisters, Mrs. Coulson of Bradentown, Mrs. Driver of Leesburg, and two brothers, Prof. Gilbert Pearson of Greensboro, N. C., and Mrs. C. Pearson of Dunnellon, Fla.

The friends of Mr. and Mrs. Lynus Bernhart, who has been very ill, is much improved.

Miss Mattie Johnson of this place and Mr. E. C. Parsons of Alabama were married yesterday at the bride's home by Rev. H. H. Newman.

W. C. T. U. ART EXHIBIT.

Will Be Conducted at No. 409 West Court Street.

The art exhibit on Friday afternoon and evening at 405 W. Court street, given by Mrs. W. F. Yocum for the benefit of the scientific temperance instruction department of the W. C.

T. U., will be open at 3 p. m. in order to afford opportunity to those who have other engagements in the evening.

The exhibit consists mainly of oil paintings of Europe and American scenery, water colors, steel engravings, pottery and needlework. A small catalogue has been issued so that the names and location of scenery may be known.

A Japanese tea will also be served by young ladies in costume. An admission fee of twenty-five cents will be received at the door.

On Saturday afternoon the rooms will be open to the pupils of the High School building from 2 till 5 o'clock. Admission 15 cents.

Cotton Prospects Good.

J. A. King and wife of Orange Heights were among the visitors to the city yesterday. Mr. King states that the farmers never had better prospects for crops and that he expects a great deal of money to be brought to that section by cotton being grown there, provided that the red bug or other insects do not injure it before maturity.

One who lives in a furnished room can be pretty "independent"—for the rds. keep the best to be had within his reach.

Governor Gilchrist Wants Change in Pardon Board

TALLAHASSEE, April 14.—In a special message to the Legislature, Gov. Gilchrist recommends that the constitution be so amended as to make the State Treasurer a member of the Pardon Board in place of the Attorney General.

In substance the message says: "As petitions for pardons are now presented to the board of pardons, the attorney general for the pardons, and an attorney, who the pardon should be granted. There is no one to present the reasons to the board who the pardon should not be granted. The object of the proposed change

is that a statute may in future be passed directing the Attorney General under such rules and regulations, as may be passed by said board, or by the Legislature to represent the State in all petitions for pardon.

The State is now represented in every court except the court of last resort, the Pardon Board. It appears from the reading of the constitution that the board has now sufficient power to establish such regulations with such limitations and restrictions as they may deem proper. It is therefore, not deemed necessary to pass any law prescribing conditions, limitations and restrictions.

Marianna Man Slays to Avenge Insult to Wife

MARIANNA, Fla., April 14.—Dr. S. B. Alexander, a prominent dentist of this city, was shot and instantly killed here by Deputy Sheriff J. V. White, who claimed that Dr. Alexander had insulted his wife while she was having some work done on her teeth in his office. The coroner's jury rendered a verdict of murder and White has been held for trial.

PENSACOLA, April 14.—Deputy Sheriff J. V. White shot and instantly killed Dr. S. B. Alexander at Marianna Monday night according to a special report from that place yesterday morning at 1 o'clock. The tragedy occurred on the corner of the

thriving little city shortly before 10 o'clock, but owing to the excitement it was long past midnight before any news of it got out of Marianna. According to the information, Dr. Alexander, who is a dentist, is said to have insulted Mrs. White, but in what manner is not known. The husband learned of the act and, meeting the dentist on the principal thoroughfare, fired upon him. The bullet went home and the doctor died within a short time. It is not known what disposition will be made of the body, as the dentist, who has been a resident of Marianna for only a short time, has but few relatives in that place and his relatives in other States have not been heard from.

WILLIAMS LOSES BIG ROLL MONDAY

NEARLY FIVE HUNDRED DOLLARS
STOLEN FROM HIS ROOM.

No Arrests Have Been Made, Although
Suspicion Has Been Placed
on Parties.

News was received in Gainesville Tuesday of a bold robbery of \$490, which was taken from the pockets of J. W. Williams while he slept in his room at High Springs sometime during Monday morning.

The money taken belonged to the firm of the W. P. Williams Company, and as there was no safe in the place of business Mr. Williams deemed it best to carry the money to his home, where he thought it would be more secure, but having been accustomed to this practice he became a little too careless and failed to put the money under his pillow, as was his usual custom.

This money was the receipts of their business of Saturday. He had not had the opportunity to place it in the bank, and the robbery was undoubtedly committed by someone that was well acquainted with the man and his custom regarding money matters.

An entrance was effected by climbing up the rear of the building on top of the kitchen roof and afterwards entering through the window, but the exit was probably made by going down stairs, as all parts of the house were found to be open upon investigation.

The first Mr. Williams knew of his misfortune was when the guilty ones were leaving the house. A noise aroused him from peaceful slumber and he at once knew that something was wrong, for he had closed the window which was now found to be open. Further investigation after securing a light revealed the fact that his pants containing the money had been taken, but these were later found on the outside of the building, and only his knife, tobacco and some keys were left in the pockets.

An alarm was soon given and dogs secured, but so far no trace of the missing money has been discovered. It is generally believed that it was someone that was well acquainted with the surroundings and knew about the amount. The dogs struck several trails and it is expected that arrests will follow within the next few days.

One of the tracks found was that of about a No. 7 shoe, which was located near where the burglar entered, in the rear of the building.

The money was of all denominations, but a greater part of it was in gold.

DEATH OF MRS. PURDOM.

Died Tuesday Night from Consumption After a Long Illness.

Mrs. W. V. Purdom died at her home on North Oak avenue Tuesday night after having suffered for the past year or more with that dread disease, consumption.

Deceased was about 26 years of age and had been a resident of Gainesville for the past six months, but owing to her condition had been unable to be up to any extent.

She leaves besides the husband, three small children, her mother and a number of other relatives to mourn her demise.

The funeral services were conducted by Rev. F. R. Bridges from the home at 4 o'clock Wednesday afternoon and concluded at Evergreen Cemetery, the following gentlemen acting as pallbearers: Henry M. Chitty, Ferdinand Bayer, E. H. Waters, W. R. McKinstry, P. D. Fagan and G. L. Thompson. The floral tributes attested the love and esteem of kind friends.

Among the out-of-town relatives present at the funeral were: Mr. and Mrs. S. N. Thomas, Plant City; Mr. and Mrs. E. C. Newsom, Jacksonville, and Mrs. T. M. Booth, Jacksonville.

While Mrs. Purdom had been a resident of Gainesville only a short while, by her clever disposition and genial manner had won a host of friends who join The Sun in extending condolence to the bereaved.

A Scholarly Child.

Boston has for long enjoyed the reputation of having exceedingly learned children who are able, so it is said, to dispute on subjects far above the heads of their elders of other regions. But Boston is not unique. In a book entitled "The Scot of the Eighteenth Century" Ian MacLaren describes a similar characteristic of the Caledonian.

It is the inevitable tendency of the Scot's mind to follow out every line to its terminus, even if it be over a precipice, and to divide every hair till infinity is touched.

It is not only in church courts, but in market places and in railway stations, in humble cottages as well as in university societies, that the Scot is disputing, in every spare moment of his time, from morning till night.

The story goes that a minister overheard a mother questioning her child as it supped, its porridge, after the day's work was done.

"What," said this austere mother, "is the true relation between kirk and state, according to the principles of the Free church?"

And the favored child promptly replied, "Co-ordinate jurisdiction with mutual subordination."—Youth's Companion.

You should not delay under any circumstances in cases of kidney and bladder trouble. You should take something promptly that you know is reliable, something like DeWitt's Kidney and Bladder Pills. They are unequalled for weak back, backache, inflammation of the bladder, rheumatic pains, etc. When you ask for DeWitt's Kidney and Bladder Pills, be sure you get them. They are anti-septic. Accept no substitutes: insist upon getting the right kind. Sold by all druggists:

Much Like Demosthenes.

"Woman," he said, "really ought to be a better orator than man."

"Why so?" she asked.

"Because," he replied, "to a certain extent at least she follows the methods of that famed orator Demosthenes."

"In what way?" she inquired, still busy with the finishing touches of her toilet.

"You remember," he answered, "that Demosthenes used to practice talking with his mouth full of pebbles."

She hastily took the pins out of her mouth and informed him that he was a mean old thing anyway.—New York Times.

"Doan's Ointment cured me of exema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

DR. MURPHREE VISITS STATE UNIVERSITY

WAS HERE IN COMPANY WITH
CHAIRMAN N. P. BRYAN.

Governor Gilchrist Will Address
Message to Legislature About
Appropriation of Funds.

Among the prominent visitors to Gainesville Wednesday were Dr. A. A. Murphree, the newly elected president of the State University, and Col. N. P. Bryan, chairman of the Board of Control.

They came for the purpose of looking over the building and otherwise inspecting the State's interests in order that some recommendations may be made at the present session of the Legislature.

When asked concerning when the new president was to take charge, Col. Bryan stated that it would be about July 1st. He would arrive here at this time to make all necessary arrangements for the regular opening of the fall term of the University.

Mr. Bryan stated that a message from Governor Gilchrist would probably be forwarded to the Legislature within the next few days asking that some steps be taken to obtain the appropriation made at the last session for this institution and that he understood that there was now about \$40,000 of the amount available.

It is known that there has been a number of contractors here figuring on improvements to be made during the coming summer, but Mr. Bryan was non-committal on this question and said they would do their best with the money allowed them.

Both gentlemen expressed themselves as delighted with the rapid growth Gainesville is making and hoped that it would continue.

A Woman Soldier.

Eleonore Prochaska, born March 11, 1785, at Potsdam, was the daughter of a sergeant. After being brought up in the military orphanage of that town she became a cook in some citizen's house. When the great war against Napoleon broke out in 1813 she was led away by enthusiasm to quit her town secretly. By selling her poor belongings she procured male attire and weapons and enlisted under the name of August Renz in the Lutzow corps. On account of her tall, slender figure her sex was not discovered until she was mortally wounded. This happened in the encounter in the Gohrde forest, Regierungsbezirk, Lüneburg, Kreis Dannenberg, Sept. 16, 1813. The Prussians were there attempting to storm a hill occupied by the French, she, acting as a drummer. In 1903 a monument in memory of her was erected in the churchyard at Dannenberg and another in 1889 in the old churchyard of Potsdam.—London Sketch.

"THE UNION DEPOT" A GREAT SUCCESS

OVER FIVE HUNDRED PEOPLE AT-
TENDED THE PLAY.

Each Member of Caste Performed
Parts Very Creditably—The
Drills Were Fine.

"The Union Depot," presented at the New Baird Theatre Tuesday evening under direction of Miss Elizabeth Mae Melick for the benefit of the scholarship being maintained in the University of Florida by Kirby Smith Chapter, U. D. C., was a great success in every way—socially because the audience was representative and the play pleasing, and financially because the receipts exceeded the fondest expectations of those interested. Nearly six hundred attended, and all heartily enjoyed the program.

"The Union Depot" is intensely funny from beginning to end. The interior of the depot is pictured in a wonderfully realistic manner, the calling out of the arrival and departure of the trains by the station master, and very comical situations that are often experienced in traveling, being featured.

The doll baby drill by the little girls and the cowboy, Indian and sweetheart drills by the young ladies were fine, and demonstrated careful training.

To make individual mention would require much space, as that would embrace the entire caste, but Miss Melick and all who assisted her are due the thanks of those present for providing an evening of such rare amusement.

The Caste.

Following was the caste:
Doll drill by little girls, those taking part being Annie Manasse, Edna Chesnut, Bessie McCormick, Velma Shands, Blanche Durst, Helen Smith, Elizabeth Watts, Inez Brooks, Dorothy McMakin, Bena Bolten, Victoria Earle, Ludy Flewellen, Willa LeGrande, Thelma Bullard, Lucile Colson, Mary Thomas, Louise Prewitt, Josephine Brooks, Christine Tomkies, Mary McCormick, Lucretia Dorsey, Margaret Lynch and Edith McMakin.
"Pride of Prairie" drill by girls in cowboy costume—Soloist, Dallas Bowers; Misses Annie Cannon, Alma Fen-

Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs and Elixir of Senna, which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed as the best of remedies, when required, are to assist nature and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects, always buy the genuine

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

GAS WAS CAUSE OF DEATH.

Remains of J. O. LaFontisee Expected to Arrive Today.

The remains of the late J. O. LaFontisee are expected to arrive in Gainesville today, when the final arrangements for the funeral services will be decided upon.

Particulars regarding his untimely death cannot be obtained in full, but from what can be learned it is supposed that his death was due to illuminating gas.

No one anyway connected with the family were present at the time of his death and all information so far received has been indirect.

His devoted wife, who left him only a few days ago, is prostrated with grief at her former home at Hawthorn.

An investigation is now being conducted and particulars leading up to his death, that is so far as can be obtained, will be made known within the next few days.

Mr. LaFontisee, or "Johnnie," as he was generally known, numbered his friends by the score, he having lived in Gainesville the most of his life. The sad news was a great surprise to his many friends throughout the State.

It is understood that the funeral will be held at Hawthorn and the remains laid to rest there, that being the home of his wife's parents.

To the bereaved wife, father and mother, and to all members of the family, The Sun joins in extending deepest sympathy, for John seemed always "one of us." Sad indeed was the moment when the announcement of his demise was made known in this office.

One-Quarter of a Pound a Week

At least, is what a young baby ought to gain in weight. Does yours? If not there's something wrong with its digestion. Give it McGee's Baby Elixir. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price, 25c and 50c. Sold by W. M. Johnson.

The First Slow One.

He uttered a joyous cry.
"And I am really and truly the first man you ever kissed?"
"Yes, Clarence," the beautiful girl rejoined, her red lip curling slightly.
"The others all took the initiative."
New York Press.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

LIVELY STREET SCENE EARLY WEDNESDAY

H. G. KENNARD CHASES NEGRO
THIEF ON UNION STREET.

Fired Two Shots at Fleeing Form
Without Effect—Alleges He
Had Stole Cabbage.

There was a lively scene enacted on Union street early Wednesday morning when H. G. Kennard attacked Alfred Taylor, colored, on the charge of having stole cabbage and beets from his field.

It seems from the information obtained that Kennard has been missing large quantities of both these vegetables from his field, located near the Seaboard tracks, for the past several weeks, and he had gained sufficient evidence to lead him to believe that Taylor was the guilty party.

Taylor, who works very little, has been selling cabbage and beets to the merchants up town early every morning, and as he had no farm, he was easily detected as the thief. Learning that his place had been visited sometime during Tuesday night, Kennard was out early on the trail of the negro, whom he found at J. G. Harrold's store, and he at once made for the man, but the negro was like the "rabbit" and made his escape by running down Union street.

Seeing that he was likely to get away, Kennard fired two shots at the fleeing form, which proved ineffective, the negro finally making his escape.

Mayor Davis has ordered the arrest of Kennard for discharging firearms within the city limits and his trial will be held in mayor's court today.

A Knocker

Is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good clean cut process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, biliousness, all liver, stomach and bowel troubles. Sold by W. M. Johnson.

If it's printed stationery you want, The Sun office is the place to get it.

INTERESTING FACTS

J. W. McCollum & Co. Offer to Cure
Catarrh—The Medicine Costs
Nothing if They Fail.

When a medicine effects a cure in 98 per cent of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not cure catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people of Gainesville to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician whose specialty was catarrh, and who has a record of thirty years of cures to his credit.

We sell more bottles and receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh medicine we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and carried by the blood until it thoroughly disinfects and cleanses the entire mucous membranous tract, destroys and removes the parasites which injure and destroy the membranous tissues, soothes and heals the irritation and soreness, stops the mucous discharge, and builds up strong, healthy tissue, relieves the blood and system of diseased matter, stimulates the mucous cells, aids digestion and improves nutrition until the whole body vibrates with healthy activity. In a comparatively short time there is a most noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50c and \$1.00. J. W. McCollum & Co., corner East Main and Union streets.

What's In a Label.

There is a good deal of art in advertising, and it has to be adapted to the public it seeks to meet. Edward Reeves in "Brown Men and Women" makes clear that what attracts the American market may not serve that purpose in the islands of the south seas. He tells an experience which a food firm had with one of those sea girl communities. The natives get very tired of fish, but are fond of canned beef, which they buy whenever they have money. That they are nothing more than children in their ideas the traders find out to their cost if they are not careful. An exporter of canned meat was nearly ruined by clinging to the trademark of a dragon's head. Shipment after shipment was sent out from San Francisco, each can branded with the flaming dragon. The natives shuddered at the sight of the hideous thing. They were not going to eat the disgusting beast. In vain the agents tore off the labels; the natives were suspicious and would not buy. The whole shipment had to be returned and put in fresh cans with a fat ox or sheep on the label. All the natives fully believed that the figure on the label was a true picture of what was inside.

Persuasion.

Dr. A. is a specialist in nervous ailments. In his most successful cases "persuasion" has played an important role. Six-year-old Frank has evidently had opportunity to imbibe his father's views on the efficacy of persuasion, which, Dr. A. contends, appeals to the highest psychic functions.

It was only a few mornings ago that Mrs. A. overheard an altercation in the kitchen between Master Frank and the cook. Mary's voice rose in loud protestations. Mrs. A. hastened to the scene and arrived just in time to see her son seize a convenient broom and threaten Mary.

"Why, Frank," she exclaimed in horrified amazement, "what are you doing?"

But Frank was equal to the occasion. "I'm just trying to persuade Mary for some angel cake," he explained in a matter of fact way.

If this treatment may not have appealed to Mary's highest psychic functions it at any rate tickled her sense of humor. Frank gained his point.—New York Times.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relieve you. It's liquid—pleasant to take—acts immediately. Try it. 10c, 25c and 50c at all drug stores.

WINTER WOOD.

It Makes the Best and Most Lasting Kind of Timber.

It has long been known that winter was the best time of the year for cutting down trees for their timber, but until the American bureau of forestry published the results of some experiments no one was sure why. The bureau of forestry selected four pine trees of the same age and of equal vigor, growing in the same soil, and felled them, the first at the end of December, the second at the end of January, the third at the end of February and the fourth at the end of March. They were hewn into logs of the same size and dried at the same place. Then the logs were tested.

The December log resisted a flexile strain twice as strong as that which the March log resisted. It furnished piles which were still perfect and undecayed sixteen years later, while the piles made from the March log had rotted within three or four years.

Wood that is felled in December is less porous than that cut at other times. It has been proved that oak felled in the spring allowed water to percolate through it in from two to three hours, while similar wood cut in December was seemingly impermeable.

There is a very simple method of ascertaining the quality of wood cut in winter or in spring. The former contains floury particles, which turn blue when tincture of iodine is poured upon them. The latter preserves its natural tint or merely becomes a little darker at the contact of iodine.—New York World.

COPIED NAPOLEON.

South American Dictators Who Imitated the French Despot.

The dictatorship of Castro in Venezuela has been compared with that of President Francia, who terrorized Paraguay for over thirty years. Francia was a worshiper of Napoleon, whom he endeavored to imitate in every possible way. He possesses only one portrait of his idol, a German caricature, which depicted the emperor wearing an exaggerated version of the famous gray overcoat. Francia took this picture seriously and for many years paraded the streets of Asuncion clad in a gray dressing gown and a cocked hat, which he fondly believed to be the habitual garb of the French despot.

Castro's most distinguished predecessor was also a Napoleon devotee, but Bolivar had seen his idol and could thus imitate him more faithfully. He managed to acquire the emperor's brusque speech and other mannerisms, pulled people's ears when in a good humor and dictated dispatches to several secretaries at once. He founded an order closely modeled on the Legion of Honor; surrounded himself with a guard of negroes from Haiti, after the style of Napoleon's mamelukes, and endeavored to codify the laws of his country. When he returned to America after witnessing Napoleon's coronation Bolivar entered Caracas standing in a Roman chariot drawn by twelve maidens belonging to the first families of the town.—London Chronicle.

HOW TO GROW FAT

A Lazy Stomach the Cause of Thinness Nine Times in Ten.

If you are thin or lean, have scrawny arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach; belching of gas, heaviness after eating.

J. W. McCollum & Co. sell for 50 cents a large box, and guarantee it to cure indigestion, sea and car sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mi-o-na is sold by leading druggists everywhere.

HYOMEI
(Pronounced High-O-Me)

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dullness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

A CRATER TOWN.

Where the Inhabitants Build Ships Inside Extinct Volcanoes.

Saba, in the West Indies, is one of the most extraordinary places in the world. By courtesy it is called an island, but it is really nothing more than the summit of an extinct volcano sticking up out of the sea.

Inside the crater live the only inhabitants of Saba. They live there because there is nowhere else for them to live, the outside slopes being nearly as steep as the sides of a house.

The place belongs to Holland, and the people are all Dutch. Nevertheless they speak English as their native tongue. They call their crater town Bottom because it is situated on the top of a mountain.

Although surrounded on all sides by the sea, they often spend weeks without seeing it, for that involves a long climb up to the rim of the crater. Still less frequently do they touch salt water, because to do so they must, in addition, climb downward for a distance of 1,500 feet by a precipitous rock hewn path known as "the ladder."

It is, however, in regard to their staple industry that these Dutch people who speak English and who live aloft in a volcano in a summit city called Bottom reach the extreme of topsy-turvydom. One might imagine them making balloons or kites or, in fact, anything but what they do make, which is ships—not ocean going liners, but good, serviceable schooners and luggers, whose reputé is great all over the Windward Islands. The ships when finished have to be hauled up to the rim of the crater and then lowered over a precipice into the sea.—Exchange.

African Pygmies.

The pygmies of Africa, says Captain Guy Burrows in his "Land of the Pygmies," are masters in the art of hunting. They can kill even elephants with their little bows and arrows, blinding the animal first by shooting at its eyes. Once he is blinded they never leave him till he falls. A pygmy, I have no hesitation in saying, eats, as a rule, twice as much as will suffice a full grown man. He will take a stalk containing about sixty bananas, seat himself and eat them all at a meal, besides other food. Then he will lie and groan throughout the night until morning comes, when he is ready to repeat the operation.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky. — "Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. SAM'L LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided. Adrian, Ga. — "I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

Error of Judgment.

"I thought, count, you were a dead shot?" "I am." "And yet, though you said you would shoot your adversary through the heart, you hit him in the foot?" "It was an error of judgment. I thought his heart was in his boots. It turned out to be in its right place."

Wouldn't Be Convinced.

"Robson thinks he plays a good game of bridge." "Yes, he does. I spent \$27 the other night trying to disabuse him of the idea—and failed."—Cleveland Plain Dealer.

Plenty of It.

"Jedging from the amount of it killed in this settlement," remarked a visitor in Plunkville, "I presume there must be a bounty on time."—Louisville Courier-Journal.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit

They Needed Prayers.

A member of parliament tells a good story of an out of the way country clergyman who did not keep up to date in what was going on in the world. One Sunday he asked his sexton: "Is the prayer for parliament to be used today? Is parliament still sitting?"

The sexton's reply came promptly. "Well, sir, I don't know; but, anyhow, better pray for them, for they're a precious bad lot!"—London Standard.

Truthful.

He—Give me a kiss. She (decidedly)—I won't. He—You shouldn't say "I won't" to me; you should say, "I prefer not." She—But that wouldn't be true.

A few of them in the following enumeration of what

Gainesville Has:

One artist. No saloons. One garage. Four hotels. Four banks. Four dairies. One foundry. Water works. Ten churches. One gas plant. Two tin shops. Three bakeries. Ten physicians. Six fruit stores. Two gunsmiths. Six restaurants. One seed store. Board of Trade. Six drug stores. Four shoe shops. State University. Masonic Temple. Twenty lawyers. Two paint shops. Four contractors. One bicycle shop. Baseball diamond. Two ice factories. Six music schools. One variety store. One public library. Two wagon works. Two planing mills. Two racket stores. Two lumber yards. One marble works. Three silversmiths. Three wood yards. Five dental rooms. One express office. Free mail delivery. Four beef markets. Eight barber shops. Two public schools. Two music houses. A telephone system. Two haberdasheries. Two abstract offices. Four pressing clubs. Two machine shops. Two bottling works. Six boarding houses. One Catholic church. A military company. Three jewelry stores. One phosphate office. One Chinese laundry. One Christian church. Two steam laundries. Two Advent churches. One daily newspaper. Two hardware stores. One female physician. Fifteen grocery stores. Five Baptist churches. Three furniture stores. One cold storage plant. One weekly newspaper. Seven dry goods stores. Three cold drink stands. One electric light plant. Three blacksmith shops. Three railways systems. Eight benevolent orders. Two Episcopal churches. United States land office. One chemical laboratory. Thirteen Sunday schools. Two veterinary surgeons. One Presbyterian church. Two cigar manufactories. Four real estate agencies. Volunteer fire department. Several lumber companies. Three Methodist churches. A brass band organization. Two photograph galleries. Two moving picture shows. Florida Winter Chautauqua. One semi-weekly newspaper. Five life insurance agencies. First-class sewerage system. Two fertilizer manufactories. Five fire insurance agencies. Two livery and feed stables. One crate and basket factory. One Elks' Club reading room. Hardwood Manufacturing Plant. Agricultural Experiment Station. Florida Winter Bible Conference. Five dressmaking establishments. National Odd Fellows' Sanitarium. Three undertaking establishments. Two of the best hotels in the interior. Two wholesale grain and feed stores. Two wholesale grocery establishments. Water "that has made Gainesville famous." The finest opera house in the State outside of Jacksonville. A Government building soon to be erected to cost when completed \$150,000. Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore. More miles of paved streets and granolithic sidewalks than any other town in the interior of the State. An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment book and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

ABOUT ADVERTISING—NO. 1

The Perambulating Showcase

By Herbert Kaufman.

The newspaper is a huge shop window, carried about the city and delivered daily into hundreds of thousands of homes, to be examined at the leisure of the reader. This shop window is unlike the actual plate glass showcase only in one respect—it makes display of descriptions instead of articles.

You have often been impressed by the difference between the decorations of two window-trimmers, each of whom employed the same materials for his work. The one drew your attention and held it by the grace and cleverness and art manifested in his display. The other realized so little of the possibilities in the materials placed at his disposal that unless some one called your attention to his bungling you would have gone on unconscious of its existence.

An advertiser must know that he gets his results in accordance with the skill exercised in preparing his verbal displays. He must make people stop and pause. His copy has to stand out.

He must not only make a show of things that are attractive to the eye but are attractive to the people's needs as well.

The window-trimmer must not make the mistake of thinking that the showiest stocks are the most salable. The advertiser must not make the mistake of thinking that the showiest words are the most clinching.

Windows are too few in number to be used with indiscretion. The good merchant puts those goods back of his plate glass which nine people out of ten will want after they have seen them.

The good advertiser tells about goods which nine readers out of ten will buy if they can be convinced.

Newspaper space itself is only the window, just as the showcase is but a frame for merchandise pictures. A window on a crowded street in the best neighborhood, where prosperous persons pass continually, is more desirable than one in a cheap, sparsely settled neighborhood. An advertisement in a newspaper with the most readers and the most prosperous ones possesses a great advantage over the same copy in a medium circulating among persons who possess less means. It would be foolish for a shop to build its windows in the alleyway—and just as much so to put its advertising into newspapers which are distributed among "alley-dwellers."

(Copyright, 1905, by Tribune Company, Chicago.)

OBEDIENT SOLDIERS.

An Illustration of Military Discipline in Germany.

A JOKE TAKEN IN EARNEST.

The Story an Englishman Tells of an Amusing Incident in Which He Participated During a Visit to the Battlefield of Worth.

The docility and blind obedience of the German soldier have long been an object of comment. The Germans themselves recognize that it sometimes goes so far as to be absurd. An Englishman, writing in the London Times, describes an amusing incident which occurred after he had spent a day tramping about the battlefield of Worth. He was dressed, it should be noted, in regular civilian clothes and carried an umbrella.

Emerging from a wood, I came upon a plot of grass where about a dozen German soldiers were resting. The spirit moved me to stop and speak to these men—emphasizing my meaning by signs when my scant German vocabulary failed me.

I asked, "Are you Prussians?" The indignant answer, in chorus, was: "No! Saxons!"

"Oh," said I, wishing to conciliate, "I am Anglo-Saxon."

Much to my astonishment, one of them got up and shook me warmly by the hand. Pointing to my dusty boots and fannel shirt, unbuttoned at the neck, I then, in vile German, explained to my friends of five minutes' standing that I had made the grand tour of the battlefield on foot and had been walking since 9 o'clock in the morning, it then being 5 in the afternoon.

Quite casually I remarked that although "not a military, but a naval officer," the study of battlefields interested me.

At the mention of the word "officer" all the men sat up, buttoned their tunics and buckled on their swords or bayonets—I forget which.

"Are you going to Niederbronn?" was my next question.

"Yes," they replied; "we are going to walk to Niederbronn and there take the train to Bitsch."

What evil genius prompted me to make the next remark I cannot tell, but although uttered in joke its consequences were perfectly astounding.

"I, too, am going to Niederbronn. You are my regiment. I am your colonel!"

Up they sprang to their feet, fell in two deep and kept quite silent as if on parade. "Right turn!" and off we marched, I carrying my umbrella as if it were a sword.

Breasting a grassy slope, we marched up to the top at a swinging pace, still observing perfect silence and in step. A short distance off was a solitary soldier of the same regiment lying at full length on a bench near the entrance to a wood—tunic unbuttoned, sword unbuckled, and so forth.

On catching sight of the approaching squad up he jumped, buttoned his tunic, buckled on his weapon, stood rigidly at attention and when the "regiment" came by "tallied on" as if it was the most natural thing in the world to do.

Please note that not a word passed between the main body and the reinforcement. On entering the wood the leading file began to sing a marching song, the others joining in chorus.

By this time we were nearing Niederbronn and passed a man and his wife, who were evidently much astonished to see a disciplined body of men marching in strict military fashion under the command of a foreigner armed with an umbrella—not even a silk one!

A disconcerting thought arose. "What will happen if we chance across a German officer, and how, in my broken German, can I ever hope to explain this extraordinary assumption of command of the forces of the kaiser?" So without a moment's further delay I said to the men, "I must go to my hotel, which is over there," and bade them goodbye.

These docile and amiable Saxons with one accord, taking time by the leading file, saluted, and I, having returned their salute, got out of sight as rapidly as possible. On peeping round the corner of a house there was my late "regiment" still marching with the regularity of clockwork.

Lincoln on Proof.

I suggest to him (Judge Douglas) that it will not avail him at all that he swells himself up, takes on dignity and calls people liars. . . . If you have ever studied geometry you remember that by a course of reasoning Euclid proves that all the angles in a triangle are equal to two right angles. Euclid has shown you how to work it out. Now, if you undertake to disprove that proposition and to show that it is erroneous would you prove it to be false by calling Euclid a liar?

A good head and industrious hand are worth gold in any land.—Dutch Proverb.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

THE G. W. HYDE COMPANY

ANNOUNCE FOR

FRIDAY AND SATURDAY

—A—

GIGANTIC REMNANT SALE

From our tremendous business of the past week—the Easter Sale—we have accumulated many short lengths, remnants and odds and ends, in all the twenty-four departments, and for the past three days we have been busily gathering these together and measuring them, and all have been especially priced for this sale so as to make the buying incentive strong and one that will appeal to all economical housewives and mothers.

—THE G. W. HYDE COMPANY—

You will be sorry if you don't vote for your favorite. Phifer gives votes.

Col. Max Krauss was among the prominent arrivals in the city yesterday.

Attention is directed to the change in the advertisement of the Dutton Bank which appears elsewhere in this issue.

J. L. Haire of Tacoma, one of the enterprising truckers of that place, was among the visitors to Gainesville yesterday.

New potatoes, snap beans, cukes, strawberries, tomatoes and beets—all fresh from the garden. W. S. Dorsey & Co.

G. L. Thompson, the sewing machine man, has gone to Live Oak, where he will be absent for the next few days on business.

Mrs. J. D. Stringfellow left yesterday for a visit to Jacksonville and will spend the next few days there with relatives and friends.

T. L. Brown of High Springs was among the business visitors to the city yesterday, having come for the purpose of paying his taxes.

J. L. Weinberg of Ocala is in the city and will make his headquarters here for the next several months. He is engaged in the bonding business.

Insist on Blue Ribbon—Don't call for vanilla—don't be satisfied with extracts of unknown quality, but call for demand and insist on having Blue Ribbon.

O. N. Sanders of Trenton is among the visitors to the city. He is a former citizen of Bronson and was for a number of years county treasurer of Levy county.

The two little sons of Jas. Knight of Ocala, who have been visiting their aunt, Mrs. J. W. McCollum, for the past several days, returned to their home yesterday.

DeWitt's Little Early Risers, the best known pills and the best pills made, are easy to take and act gently and are certain. All druggists sell and recommend them.

B. H. Levy, Bro. & Co. have a new advertisement in today's Sun to which your attention is directed. They have just issued their new catalogue and will mail it to anyone upon request.

Capt. J. S. Jolly was among the former citizens of Gainesville who visited the city yesterday. Since disposing of his interests here it is understood that he has purchased Jacksonville property.

R. C. Davis of Jacksonville is among the visitors to the city. He is the State representative of the famous Fay-Sholes typewriter, which is sold more extensively in this section than any other machine.

A. L. Webb, an extensive merchant of Hawthorn, was among the business visitors to the city yesterday. He is among the old business men of that place and at one time conducted an extensive business at Ocala.

C. B. McClenny and son of Cadillac were among the visitors to the city yesterday. The former owns one of the largest peach orchards in that section and says that he will have an abundance of fruit the coming season.

AUCTION GRAND SUCCESS.

Watson Combination Again Demonstrates That They Can Sell.

The Watson Realty Company again demonstrated yesterday that they know how to handle real estate, as in a very short while they "cleaned up" all of the holdings they desired to sell in College Park at this time.

The sale had been well advertised, and notwithstanding the weather was very unfavorable, large crowds were present and the bidding proved spirited and interesting.

The twin auctioneers were here and proved a drawing feature, demonstrating that they could sell a lot a minute.

"TRADES EXTRAVAGANZA."

Will Be Presented by Home Talent at Opera House Tonight.

The "Trades Extravaganza," which was postponed from Wednesday evening, will be presented at the Baird Theatre tonight, and will no doubt be largely attended.

This attraction is given for the benefit of the Woman's Guild of Holy Trinity church and a large number of popular young people of the city will take part in its rendition.

Card of Thanks.

Miss Melick, who made her departure from the city before being able to personally see those who aided in presenting "The Union Depot," joins the ladies of Kirby Smith Chapter in extending hearty thanks to all who assisted—financially and otherwise—in making the play a success. Their assistance and support is highly appreciated and will ever be remembered.

Sold Fine Property.

W. S. Jackson, who has been in the city for the past two days, returned to his home at Lake View yesterday. He states that he has closed the sale for some valuable city lots on West Liberty street, the purchaser being Chas. Pinkoson. The lots are located next to the Pinkoson home and are among the most desirable in that section.

Dorsey's Delight Coffee.

Today decides the piano contest. Get your votes at Phifer's.

For Sale—One hundred mosquito bars, dust-soiled but in good condition, 25 to 50 cents each. Apply at the Brown House.

Mrs. T. B. Stringfellow and youngest sons, Masters Arthur and Jack, left yesterday for Ocala, where they will spend the next several days visiting the former's mother, Mrs. J. F. Edwards.

The G. W. Hyde Company announce another of their special sales for Friday and Saturday. It will be a remnant sale and astonishingly low prices will be given on the clean-up of odds and ends.

Miss Emma Wright has returned to her home at Homosassa after a short visit here to the family of Capt. S. C. Tucker. She was accompanied by Mrs. S. C. Beville and little son, who will spend some time there.

Five-room cottage to rent on block adjoining square, formerly occupied by W. L. LeGrande; city water, electric lights, sewerage, bath, and all modern conveniences. Apply to Mrs. H. H. McCreary or Sun office.

Harry Tawson and wife will leave today for a visit of about two weeks to Baltimore. They have spent the past winter in Gainesville and are so well pleased with the city that they will make this their home upon their return.

Mrs. P. D. Whitney of Natchez, Miss., was among the visitors to Gainesville yesterday. She had just returned from a visit of several days to her father, Jas. Croxton, at Mendenso, and was en route to her home. While here she was the guest of Mrs. M. B. Saunders.

Contractor W. T. Zetroner, who has charge of the brick work on the Davis & Oliver stables, states that with favorable weather he will complete this part of the work by Friday. He has rushed the contract as fast as he could, secure the material and the work shows up to fine advantage.

Children, especially like Kennedy's Laxative Cough Syrup, as it tastes nearly as good as maple sugar. It not only breaks irritation and allays inflammation, thereby stopping the cough, but it also moves the bowels gently and in that way drives the cold from the system. It contains no opiates. Sold by all druggists.

VOL. XXVIII NO. 74

GAINESVILLE, FLORIDA, THURSDAY, APRIL 15, 1909

ONE DOLLAR A YEAR

REAPPORTIONMENT WAS DISCUSSED BY SENATE

Committee Authorized to Prepare Bill to be Submitted to Both Houses.

TALLAHASSEE, April 14.—A joint committee, whose duty it shall be to devise a plan for the reapportionment of the State, will be appointed if a resolution by Senator Beard is acted upon favorably. When the matter was brought up in the Senate Monday some of the Senators opposed bringing the matter up, as they claimed that the matter should now be allowed to go over until 1917. Others thought, however, that under the spirit of the constitution the matter should be taken up now and the sins of omission of the 1907 Legislature carried no further. It will soon be taken up.

A pure food and drug act by Senator Sloan of Lakeland was among the important bills introduced.

A feature of the morning session was the raising of the question of electing a U. S. Senator, by Senator Beard. The constitution provides that the election shall be on the second Tuesday after the organization of the Legislature. Mr. Beard questioned if this was not the second Tuesday, as on the previous Tuesday organization was perfected. A recess was taken and a special committee investigated the matter. Mr. Beard, however, looked the matter up himself and announced that he had found that the election should be on the ensuing Tuesday. The matter was then dropped without hearing the committee report.

Routine Proceedings.

Thirty members were present when the Senate was called to order at 10 o'clock. Prayer was offered by the chaplain.

Bills were introduced as follows:

Senate Bill No. 129, by Mr. McCreary—Relief W. A. Snowden, Micanopy; claims.

No. 103, by Humphries—Relating to life certificates; education.

No. 104, by Horsford—Creating State board of pensions; pensions.

No. 105, by Crill—Relative to age of consent; judiciary B.

No. 107, by Crill—Relative to cohabitation; judiciary A.

No. 108, by Crill—Pure food and drug act; judiciary A.

No. 109, by Crill—Relative to enticing away; judiciary B.

No. 110, by Williams—Regulate killing and butchering of cattle; judiciary A.

Concurrent Resolution No. 4, by Beard, on second reading, relating to reapportionment. It provided for joint committee of five to consider and report a bill for reapportionment.

The resolution then went on its

passage. Mr. Beard asked for a division. Mr. Massey and Mr. Crill opposed aye and nay vote, as they felt that such vote might commit the Senate to a bill drawn by the committee.

Mr. Miller held that under the spirit of the constitution the Legislature should wait until 1917. The resolution was adopted by a vote of 16 to 13. Senate Concurrent Resolution No. 5, by Mr. Baker of the 29th—For committee to visit Deaf, Dumb and Blind Institute at St. Augustine was adopted.

Bills on Second Reading.

Joint Resolution No. 18, by Beard—Constitutional amendment on suffrage. Reported favorably. Special order Thursday at 4 p. m.

Mr. Beard raised a question that the Legislature should elect United States Senator today instead of next Tuesday.

The Chair pointed out that it will be next Tuesday.

To get the question before the Senate, Mr. Beard moved that United States Senator be elected at 12 o'clock. Mr. McCreary said all precedent was against it. Mr. Beard simply made the motion to get the sense of the Senate.

Mr. Crill moved as a substitute that a recess of twenty minutes be taken while a committee of three investigate question. Adopted. The Chair appointed Messrs. Crill, Beard and Harris on the committee.

Mr. Beard moved, following investigation by himself, that consideration of his resolution go over until next Tuesday. The committee was discharged without reporting, as a result. Adjournment was then taken.

CALLISON—SPENCE.

Marriage at Residence of Dr. J. F. McKinstry, Jr., Wednesday.

There was a very quiet wedding solemnized Wednesday at high noon at the residence of Dr. J. F. McKinstry, Jr., when Mr. Newton A. Callison was united in the holy bonds to Mrs. Anita Hendricks Spence.

The ceremony was performed by Rev. T. P. Hay of the Presbyterian church and the couple took their departure on the noon train and will visit several important cities before returning here to make their future home.

THE NEWS FROM ARCHER.

Pleasant Easter Parties—Sad Death. Other News Notes.

ARCHER, April, 14.—Mrs. E. E. Coulson of Bradenton is spending a few days with her parents, Mr. and Mrs. Thomas Pearson.

C. W. Hauknight is visiting his daughter, Mrs. Joel Tucker, in Jacksonville this week.

J. E. Wells is back at his work again after a few weeks' visit with his family in Gainesville.

Miss Mary Phillips of Meredith and Miss Louise DePass of Gainesville visited Misses Allene and Louise Powell for a few days last week.

Mrs. Forney Fleming and son of Jacksonville came last week to spend some time with Mrs. George Fleming.

Mrs. Mary Scott of Ohio is visiting her cousin, Mrs. C. D. Wood.

Mr. and Mrs. W. H. Powell entertained the little folks Friday evening and Saturday afternoon in the way of an Easter party. Friday afternoon there were twenty-two present. The house was artistically decorated with eggs, rabbits, chickens and festoons of purple and yellow ribbons, that being the color scheme. The evening was spent in playing amusing games and contests, after which they were invited into the dining room to a beautifully decorated table, where a delicious lunch was served consisting of chicken salad, sandwiches, olives, pickles, chocolate and vanilla cream and cake. The souvenirs were a tiny cotton chicken and a small rabbit filled with candy. After another guessing contest, in which Miss Cora Morgan won the prize, the guests bid their host and hostess good night, thanking them for the very enjoyable evening.

Saturday afternoon thirty-one little folks were invited to have an egg hunt, many places in the large shady yard having been arranged for the nests. They enjoyed this and other games until late in the afternoon, when they were invited to a long table under the shade of the trees, where they had strawberry cream and nut cake, their souvenirs being tiny chickens filled with candy. It was a crowd of tired but happy little folks who wended their way home late in the afternoon. Master Willie Pate and Miss Gladys Brown won the prizes for the little folks.

Mr. and Mrs. Monroe Venable will entertain a party of young people at

CONGRESSMAN CLARK SUBJECT OF DEBATE

Representative Jas. E. Alexander Wants Legislature to Pass Vote of Censure.

TALLAHASSEE, April 14.—Denouncing the attacks said to have been made upon Bryan and Champ Clark on the floor of the National House of Representatives by Congressman Frank Clark of the Second Florida district, and inviting him back into the Democratic fold, a resolution was introduced in the Lower House of the Legislature yesterday which precipitated a furious debate lasting nearly two hours.

The resolution was introduced by Representative James Alexander of Volusia county, and Mr. Alexander held the floor for over forty minutes while he bitterly denounced the attitude taken by Congressman Clark in Washington. Representatives MacWilliams of St. Johns and Malone of Monroe opposed the resolution, and there were many hot speeches on both sides.

A motion was finally carried by a vote of 55 to 8 that the matter lay over one week so that Mr. Clark can be present before the House when it is taken up, and defend himself. The

Congressional Record containing the speeches denounced will also be brought into evidence. The resolution is as follows:

"Whereas, the Hon. Frank Clark, M. C., Second District of Florida, in his recent speeches in the Congress of the United States, has bitterly assailed and violently attacked and denounced our matchless leader of the great Democratic party, William Jennings Bryan, and the Bryan Democracy of the country, and has also assailed and opposed the Hon. Champ Clark, our great and able leader of the Democratic party in the lower branch of Congress, claiming that he was obeying the instructions of the Legislature of Florida;

"Therefore be it Resolved, That the House of Representatives of the State of Florida hereby condemn and disapproves of such attacks and respectfully requests and instructs the Hon. Frank Clark to return to the Democratic fold and to cease his attacks upon the leaders and principles of the great Democratic party."

their home this evening in honor of Mrs. Venable's sister, Miss Jones.

The body of Mrs. W. D. Payne of Williston was brought here last week and laid to rest in Laurel Hill Cemetery. She was Miss Feta Pearson of this place before her marriage, and had many friends here who were pained at her death. The grave was covered with beautiful flowers. A number of friends came up from Williston with the family. She leaves besides her husband, her parents and two sisters, Mrs. Coulson of Bradenton, Mrs. Driver of Leesburg, and two brothers, Prof. Gilbert Pearson of Greensboro, N. C., and Mrs. C. Pearson of Dunnellon, Fla.

The friends of Mr. and Mrs. Lynus will be glad to know that their son, Bernhart, who has been very ill, is much improved.

Miss Mattie Johnson of this place and Mr. F. C. Parsons of Alabama were married yesterday at the bride's home by Rev. H. H. Newman.

MELROSE NOTES.

MELROSE, April 13.—The box supper for the benefit of the baseball nine, which was given at the town hall Friday night, brought out quite a crowd. There was a good supply of boxes, some very prettily decorated with crepe paper and flowers and all well filled. Every box was sold and

about \$20 was realized. During the evening Mr. Cole's phonograph rendered quite a program, for which the thanks of the crowd are extended to Messrs. Cole and Ackroyd. Orange Heights was well represented.

At the monthly meeting of the town council the franchise to the East Florida Telephone Co. was granted. Attention is called to Order No. 28 now posted in the postoffice.

Two very fine palmettos, over thirty feet high, have been planted in front of Col. Tolles' cottage on Delaney avenue.

Newly registered at the Huffman House are Mr. and Mrs. Chas. Rybot, and Judge W. M. McGary, all of Cincinnati, Ohio, and Frederick C. Rist, New York.

E. F. Ford has disposed of his 40-acre tract, near the well-known mineral spring, to A. G. McGregor. Mr. Ford and family expect to leave for California next month.

Cotton Prospects Good.

J. A. King and wife of Orange Heights were among the visitors to the city yesterday. Mr. King states that the farmers never had better prospects for crops and that he expects a great deal of money to be brought to that section by cotton being grown there, provided that the red bug or other insects do not injure it before maturity.

Governor Gilchrist Wants Change in Pardon Board

TALLAHASSEE, April 14.—In a special message to the Legislature, Gov. Gilchrist recommends that the constitution be so amended as to make the State Treasurer a member of the Pardon Board in place of the Attorney-General.

In substance the message says: "As petitions for pardons are now presented to the board of pardons, the attorney for the petitioner sets up various reasons why the pardon should be granted. There is no one to present the reasons to the board why the pardon should not be granted.

"The object of the proposed change

is that a statute may in future be passed directing the Attorney-General, under such rules and regulations, as may be passed by said board, or by the Legislature to represent the State in all petitions for pardon.

"The State is now represented in every court except the court of last resort, the Pardoning Board. It appears from the reading of the constitution that the board has now sufficient power to establish such conditions with such limitations and restrictions as they may deem proper. It is, therefore, not deemed necessary to pass any law prescribing conditions, limitations and restrictions."

Marianna Man Slays to Avenge Insult to Wife

MARIANNA, Fla., April 14.—Dr. B. H. Alexander, a prominent dentist of this city, was shot and instantly killed here by Deputy Sheriff J. V. White, who claimed that Dr. Alexander had insulted his wife while she was having some work done on her teeth in his office. The coroner's jury rendered a verdict of murder and White has been held for trial.

PENSACOLA, April 14.—Deputy Sheriff J. V. White shot and instantly killed Dr. B. H. Alexander at Marianna Monday night, according to a special received from that place yesterday morning at 1 o'clock. The tragedy occurred on the principal street of the

thriving little city shortly before 10 o'clock, but owing to the excitement it was long past midnight before any news of it got out of Marianna. According to the information, Dr. Alexander, who is a dentist, is said to have insulted Mrs. White, but in what manner is not known. The husband learned of the act and, meeting the dentist on the principal thoroughfare, fired upon him. The bullet went home and the doctor died within a short time. It is not known what disposition will be made of the body, as the dentist, who has been a resident of Marianna for only a short time, has but few relatives in that place and his relatives in other States have not been heard from.

NOTES FROM THE EXPERIMENT STATION

MEMBERS OF STAFF ARE BUSY
WITH EXPERIMENTS.

Number of Years of Much Importance
to the State Are Being
Conducted.

The Plant Pathologist, Prof. H. B. Fawcett, has been studying the white back of the orange, on the West Coast of Florida, and has derived considerable knowledge from the study of this disease. He has lately found a microscopic fungus which he considers as probably the cause of the disease. With regard to the study of the new orange and lemon, he has substantially proved by culture and infection experiments that a certain fungus is also responsible for the disease; and he is now working to discover the life-history of this fungus, especially with regard to how it lives over from one year to the next. More work has been done on the gum disease of citrus; and the black spotting of the orange and grapefruit, together with the sharkskin of the grapefruit, are being investigated.

The canker being a promising tree for planting in Florida, the pathologist is at present investigating the fungus which causes young canker seedlings to drop off. Another line of work has been commenced, namely the study of the fungus diseases of the peach in Florida. The twig blight of the peach, whose nature is not yet understood, is also being worked out.

One new fungus which kills the whitefly has lately been found, together with two or perhaps three more fungi which kill scale insects, and are apparently new to Florida. Many specimens of fungus diseases of vegetables, etc., have been sent by farmers or fruit-growers, and these have been identified and the proper remedies recommended.

In the laboratory for Plant Physiology, Mr. B. F. Floyd has been making a microscopical study of the roots, stems and leaves of healthy orange trees, comparing such healthy tissues with those of orange trees diseased with die-back, freckling, melanosis, and yellow-spottling. He has identified four enzymes in the branches of healthy orange trees, and has made a study of the nature of the gums which appear in such diseases as die-back, yellow-spottling and melanosis. The fact that no such thorough and exact studies have been made heretofore, probably accounts for the lack of progress in the practical prevention and curing of these diseases. The physiologist is also ascertaining the maximum amount of fertilizers that orange trees will stand without injury. The disease of canker which causes a loss of leaf-color and a dropping of leaves, popularly known as freckling, has been ascertained to be due to a fungus (*Pestalotia*). Fifty large orange trees diseased with die-back have been inoculated with copper sulphate (bluestone) under the bark, and the results, so far, show a slight injury but no benefit.

The Animal Industrialist, Prof. John M. Scott, is carrying on a feeding trial with Florida-grown feeds, using grade steers, to determine the cost of producing beef in Florida. The ration used is composed of corn, velvet beans, sweet potatoes, and Japanese cane, which gives satisfactory results. An experiment is in progress to determine the comparative value of velvet beans and cottonseed meal for milk production. The velvet beans and cottonseed meal are fed along with bran and sorghum silage. This forms a continuation of the dairy tests made during 1907 and 1908.

In co-operation with Mr. A. L. Jackson of Gainesville, an experiment is in progress in grading up cattle and testing the Shorthorn and Hereford breeds for use in improving the native Florida stock. Forage crops are

Baby Laugh

It belongs to health for a baby to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; who, even his smile is painful. Fat comes first.

The way to be fat is the way to be healthy.

Scott's Emulsion

is the proper food, but only a little at first.

Read this advertisement, together with some of the letters in which it is written, and you will see a "Cautious Mother" who writes: "I have used Scott's Emulsion, and my baby is now fat and healthy."

being tried to determine the amount that can be raised and their cost for maintaining animals. The following are grown this year: Japanese cane, sorghum, Natal grass, Guinea grass, Para grass, Lyon bean, velvet bean, beggarweed, soy bean, Kudzu vine, cowpeas, sweet potatoes, cassava and yam. The Lyon bean has been found about equal in yield to the velvet bean, but feeding tests of it have not yet been made. The Kudzu vine from the chemical analysis appears to have a better feeding value than cowpeas.

Dr. E. W. Burgess, the Entomologist, with the assistance of Mr. E. P. Green, has prepared a large number of dishes, bottles and tubes, containing sterilized sweet potato, on which a plentiful supply of the red fungus of the whitefly (red *Aschersonia*) is growing from spores sown there. It is intended to use this artificially grown fungus for spore-spraying during this spring. The study of the whitefly has lately shown that there are two different species which are differently affected by the different fungi, so that it is important for each orange grower to know which species he has in his grove. At Titusville, for instance, the yellow fungus is destroying the smoky whitefly. The Entomologist tried the spore-spraying method last September and October with fair success; and has traveled about 1,500 miles, and experimentally sprayed fungi in many orange groves since last July.

In the Botanical Department, Mr. R. Y. Winters is making a thorough botanical study of the velvet bean, the Lyon bean, and fourteen other related beans, many of which are unknown in the markets, but may be found useful in Florida. They are being grown in the field and studied as to their botanical characters, and by cross breeding. Selections are also being made from the Salamander Improved lettuce, to obtain a new strain resistant to lettuce drop (damping off).

Fifty-five varieties of tomatoes and eight varieties of egg-plants are being tested in the horticultural grounds. Pigeon peas and several varieties of English peas are also being tried.

A Knocker

Is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good clean cut process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, biliousness, all liver, stomach and bowel troubles. Sold by W. M. Johnson.

To Secure Prohibition.

At a large mass meeting at the Tabernacle Sunday night the following resolution was adopted unanimously:

"Resolved, First that we, the people of Gainesville, in mass meeting assembled, do most earnestly ask our Senator and Representatives now in Tallahassee to use their utmost endeavor to arrange to have the question of State-wide prohibition submitted to the people of Florida.

"Resolved, Second, That a copy of this resolution be forwarded to our Senator and Representatives now in Tallahassee."

During the spring everyone would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. McCollum & Co.

TWO SUNDAY BLAZES CALL OUT DEPARTMENT

DAMAGE IN BOTH CASES WAS
NOT HEAVY.

The First Fire Offers Suggestion to
Council in Reference to the
Back Alleys.

Monday morning the fire department was called out to extinguish a blaze which was found to be in the rear of the U. W. Hyde Company's store and which, in a short while longer, would have amounted to a great conflagration. It having advanced in the neighborhood of the Baird Hardware Company, where a large quantity of oil and other inflammable materials are stored.

It is supposed that the fire originated from a cigarette and had probably been smoldering for several hours, as it was not until about 4 o'clock when Policeman Owens heard the cracking of the boards and was investigating the affair when he heard someone yell "Fire!" and he quickly turned in the alarm.

For some time darkies have been congregating in alleys to do their drinking from bottles and are always throwing away cigarette stumps, cigars, etc., and it is supposed that this is the cause of the conflagration.

The damage will amount to about \$50. The doors and windows of this building are all metal-lined and this kept them from igniting while the flames were so intense.

The Second Alarm.

At about 11:15 a. m. Sunday the department was called by phone to the residence occupied by Joe Taylor, where the kitchen was found to be ablaze, but it was extinguished with the aid of the chemical engine and the damage will not amount to more than three dollars.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

Election at Alachua.

ALACHUA, April 13.—The town election passed off quietly here today. The result was as follows: For mayor, J. M. Powell 46; for marshal, J. M. Guinn 14, W. C. Hague 15, J. W. Moody 27; for clerk, J. S. Fagan 56; for alderman, J. W. Bishop 51, J. W. Collins 50, J. E. Harrison 50, W. H. Sealey 42, H. J. McCallum 43, A. M. Pettit 50, J. A. Williams 43.

BUSY BUSINESS MEN

Science Helps Them Out After Recklessly Abusing the Stomach.

The most reckless man in regard to health is the busy business man. At noon he rushes out for a bite to eat. He bolts his food without proper mastication, and heaps on his stomach an extra burden greater than it is able to carry without breaking down.

His overworked stomach is crying for help; it appeals to him for relief in various ways: Expulsion of sour gas; waterbrash; sour taste in mouth; heaviness after eating; shortness of breath; bad breath, etc.

One Mi-na tablet taken with or after each meal will help any sufferer from dyspepsia wonderfully. It aids the stomach in the work of digestion which it must perform.

Mi-na tablets are sold by J. W. McCollum & Co. at 50 cents a large box, with a rigid guarantee to cure dyspepsia and all stomach troubles, or money back. They make eating a pleasure.

Mi-na cleanses and purifies the stomach and bowels and puts vigor and strength into the overworked tissues. It is the surest stomach tonic in the world.

Mi-na is sold by leading druggists everywhere.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

For Croup Tonsilitis and Asthma

A quick and powerful remedy is needed to break up an attack of croup. Sloan's Liniment has cured many cases of croup. It acts instantly — when applied both inside and outside of the throat it breaks up the phlegm, reduces the inflammation, and relieves the difficulty of breathing.

Sloan's Liniment

gives quick relief in all cases of asthma, bronchitis, sore throat, tonsilitis, and pains in the chest. Price, 25c., 50c., and \$1.00.

Dr. Earl S. Sloan, Boston, Mass.

DIED FROM WOUNDS.

Lingered for Nearly Three Weeks in Much Pain.

From Sunday's Daily Sun:

Mrs. Mary Harris, the lady of Hague who was so badly injured by being burned at her home about four weeks since, died from the effects of her wounds.

It will be remembered that her dress caught fire while the lady was engaged in burning a pile of trash and she was burned from head to feet, but under the skillful treatment of a physician it was thought she would recover.

Before her death the flesh peeled off where the burns were inflicted and she suffered untold agony during the time, remaining in bed over three weeks before death came to relieve her sufferings.

Regulates the bowels, promotes natural movements, cures constipation—Doan's Regulators. Ask your druggist for them. 25 cents a box.

Notice of Intention to Apply for Special Legislation.

Notice is hereby given that, at the regular session of the Legislature of the State of Florida, convening at Tallahassee in April, A. D. 1909, application will be made for special legislation for the Town of Newberry, Alachua county, Florida, giving it a special charter, providing for its government and prescribing its jurisdiction and powers thereunder.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

FLORIDA LEGISLATURE AGAIN HARD AT WORK

Senate Decides That Messrs. Massey and Withers Are Eligible---Many Bills Introduced.

TALLAHASSEE, April 13.—After a somewhat stormy discussion, which lasted for over an hour, the Senate yesterday afternoon voted to declare Senators Louis C. Massey and I. N. Withers eligible to their seats in the Upper House of the Legislature.

The discussion was precipitated by the submitting of an unfavorable report upon the two resolutions of Senator Beard attacking the eligibility of the two Senators by the Committee on Privileges and Elections. Senator Beard wished to have the two cases set for a special order Friday morning, but was voted down.

During the discussion over the matter some hot talk passed between Chairman Cone of the committee and Senator Beard, and some of the other members who were divided on the question also expressed themselves rather strongly. Senator Beard intimated strongly that the committee had not gone into the matter as deeply as it should, and Senator Cone on the other hand retorted that he considered it up to Senator Beard, who was pressing the matter, to bring any evidence he might have before the committee.

Senator Beard wanted a resolution passed setting the hearing of the matter for a special order Friday, and calling the Railroad Commission and the Internal Improvement Fund Trustees to produce their minutes to be used as evidence to prove the employment of the two gentlemen respectively. There were repeated roll calls upon various phases of the question, but Senator Beard lost, and the two, Senator Massey and Senator Withers, will keep their seats.

Routine Proceedings.

Twenty-eight members were present for roll call when the Senate was called to order at 4 o'clock. Prayer was offered by the chaplain and the reading of the journal was dispensed with.

Senate concurrent resolution No. 4 was introduced by Mr. Beard, but was laid over until today for consideration. It provides for a committee of five, two from the Senate and three from the House, to be appointed to investigate the condition at the State Deaf, Dumb and Blind school at St. Augustine, and upon the needs of the institution.

Senate joint resolution No. 14, of Mr. Cone, was adopted. It suspends the rules. It provides that reports of committees on bills and resolutions shall be submitted to the journal and placed on the calendar, but that the reports shall be read unless the reading is called for.

New Bills.

The following are among the new bills introduced:

Senate joint resolution No. 68, by Mr. McMullen, proposing an amendment to section 19 of the State Constitution.

Senate joint resolution No. 70, by Mr. Miller, proposing amendment to section 1, article 10, of the constitution, regarding homesteads. To constitutional amendments committee.

Senate bill No. 69, by Mr. Beard, authorizing defendant to condemnation proceedings to file pleas putting in issue the need for such condemnation proceedings. To corporations committee.

No. 71, by Mr. Broome, obligating judges to pay jurors summoned on a

panel, and after the panel has been exhausted to pay such jurors \$2 per day, and for each fraction of a day. Now is discretionary with the judge as to whether the juror shall be paid for the full day or not. To Judiciary A Committee.

No. 76, by Mr. Harris, to validate and confirm, grants, privileges and permits made by cities and towns by resolution or ordinance, where acted on by the grantees and grantors. To municipalities committee.

No. 76, by Mr. Sams, providing for service by publication upon non-residents against whom suit is brought for contract. To Judiciary B Committee.

No. 77, by Mr. Sams, prohibiting fishing in fresh water, lakes and streams of Volusia county with nets or seines. To game and fisheries committee.

No. 79, by Mr. Baker of the Twenty-ninth, by request, for an additional appropriation of \$2,500 for the erection of a monument on the battlefield of Olustee. To pensions committee.

No. 81, by Mr. McMullen, requiring boards of county commissioners to call for bids for public works and supplies and providing a penalty for neglect to do so. To Judiciary A Committee.

No. 82, by Mr. McMullen, providing for a special tax levy for roads and bridges. To Judiciary A Committee.

No. 83, by Mr. McMullen, abolishing the present registration lists, providing for new ones, requiring the payment of poll taxes by people themselves except under certain conditions. To privileges and elections committee.

No. 84, by Mr. McMullen, providing for the transfer of surplus of the general fund for 1908 into the roads and bridges fund by boards of county commissioners. To Judiciary A Committee.

No. 85, by Mr. Dayton, redistricting the Eighth judicial district. Judiciary B Committee.

No. 86, by Mr. Dayton, providing for the issuance of teachers' first grade certificates and of State certificates to graduates of the State University and of the College for Women. To Educational Committee.

No. 87, by Mr. Dayton, creating position of jailor in each county. Judiciary B Committee.

No. 90, by Mr. Massey, authorizing a special road tax for cities and towns. Municipalities committee.

No. 92, by Mr. Broome, relieving manufacturers in the State of tax of 25 cents a ton on cottonseed meal for fertilizer. Judiciary A Committee.

No. 95, Mr. Williams, relative to the liability of railroads. Judiciary B Committee.

No. 96, by Mr. Hudson, raising the age limit in the public schools from six to eight years. Judiciary A Committee.

No. 99, by Mr. Hudson, relative to punishment for drunkenness and outlining what shall constitute prima facie evidence of drunkenness. Judiciary B Committee.

Chairman Cone of the Committee on Privileges and Elections reported unfavorably upon the resolutions introduced by Mr. Beard attacking the eligibility of Louis C. Massey of Orlando and of I. N. Withers of Lady Lake, to their seats. Substance of the report was to the effect that there was nothing in the charges.

After this was settled, adjournment was taken until Tuesday at 10 o'clock.

Mrs. E. C. Everly.

"I FEEL well, never felt better; thanks for your attention and Peruna."

"I will be glad to do all I can in the way of advancing the sale of your valuable medicine."

"I do think Peruna the best medicine I have tried at any time."

"Since I began taking Peruna we have never been without it."

"I really believe that every woman in the world ought to have Peruna on hand all the time; for if she gets tired, Peruna refreshes her; if she gets nervous, it soothes her; if despondent, it cheers and invigorates."

"It is a constant friend to the nursing mother, both for herself and for her child, and finally when old age comes on, no medicine on earth is of greater efficacy to the woman."

"Surely, Peruna is the woman's friend."—Mrs. E. C. EVERLY, 2108 Franklin St., Philadelphia, Pa.

Stronger Than for Years.

Mrs. Caroline Staudheimer, Clarke, Louisiana, writes:

"I am feeling quite well now. I can work again and am stronger than I have been for years, and I do believe that Peruna saved my life. I will advise all I can to take your medicine."

Man-a-lin an Ideal Laxative.

Card of Thanks.

Miss Melick, who made her departure from the city before being able to personally see those who aided in presenting "The Union Depot," joins the ladies of Kirby Smith Chapter in extending hearty thanks to all who assisted—financially and otherwise—in making the play a success. Their assistance and support is highly appreciated and will ever be remembered.

WILLIAMS LOSES BIG ROLL MONDAY

NEARLY FIVE HUNDRED DOLLARS STOLEN FROM HIS ROOM.

No Arrests Have Been Made, Although Suspicion Has Been Placed on Parties.

News was received in Gainesville Tuesday of a bold robbery of \$430, which was taken from the pockets of J. W. Williams while he slept in his room at High Springs sometime during Monday morning.

The money taken belonged to the firm of the W. P. Williams Company, and as there was no safe in the place of business Mr. Williams deemed it best to carry the money to his home, where he thought it would be more secure, but having been accustomed to this practice he became a little too careless and failed to put the money under his pillow, as was his usual custom.

This money was the receipts of their business of Saturday. He had not had the opportunity to place it in the bank, and the robbery was undoubtedly committed by someone that was well acquainted with the man and his custom regarding money matters.

An entrance was effected by climbing up the rear of the building on top of the kitchen roof and afterwards entering through the window, but the exit was probably made by going down stairs, as all parts of the house were found to be open upon investigation.

The first Mr. Williams knew of his misfortune was when the guilty ones were leaving the house. A noise aroused him from peaceful slumber and he at once knew that something was wrong, for he had closed the window which was now found to be open. Further investigation after securing a light revealed the fact that his pants containing the money had been taken, but these were later found on the outside of the building, and only his knife, tobacco and some keys were left in the pockets.

An alarm was soon given and dogs secured, but so far no trace of the missing money has been discovered. It is generally believed that it was someone that was well acquainted with the surroundings and knew about the amount. The dogs struck several trails and it is expected that arrests will follow within the next

ANOTHER RAILROAD THROUGH THE MINES

SEABOARD PLANNING FOR SPUR FROM WANNEE BRANCH.

Would Prove Valuable Move for the Great Phosphate Interests in That Section.

Another new railroad is to connect the phosphate mining interests of western Alachua, so it is rumored, and surveys for the proposed extension are now looking after the details of this work.

It is stated that the line will run from a point about four miles west of Wade and will cover a distance of about fifteen miles, being a spur, or branch of the Seaboard.

The preliminary survey for this spur has already been made, but no contracts have been entered into, and it is understood that the surveys were here Monday for the purpose of making arrangements for the proposed route.

This will afford the phosphate interests an outlet from two different lines if the promoters are successful in getting the line put in operation, and will be the means of saving much money to those living in this section but having no railroad facilities.

The line will run directly south from its beginning and will be close to Newberry, running to a point near Archer, and may eventually connect with the Cedar Key division from the Wannee branch of the Seaboard.

One of the tracks found was that of about a No. 7 shoe, which was located near where the burglar entered, in the rear of the building.

The money was of all denominations, but a greater part of it was in gold.

FORMER GAINESVILLIAN MEETS DEATH IN TAMPA

**D. W. McDonnell Struck on Head With Pitcher
Which Resulted in His Death.**

News was received in this city Sunday of the sudden death of D. W. McDonnell, which occurred at Tampa while the man was on one of his occasional excursions.

McDonnell first came here as a carpenter and later engaged in another business, but afterwards took up the vocation of farming. In fact, he did a little of everything and followed more than a dozen different lines while living here.

A few weeks since he became dissatisfied with this section and left, with his young wife and child, for Tampa, where he hoped to find work, but as he was a man that could not stand temptation in the whiskey line, his friends advised him to stay away. He failed to heed this, and like many, also failed to find work, being finally thrown against fate which put him to drinking even harder than ever, and it is said that an old friend of his late father had taken care of him and his wife and was doing his best to sober the man when the accident occurred that caused his death.

Following is a partial account of what The Tampa Times has to say of the occurrence:

"Apparently as the result of a blow received on the head from a water pitcher hurled at him by John Boatwright, Donald McDonnell died at an early hour this morning at the home of the former, 2008 Michigan avenue, near Twenty-first street.

"Immediately after McDonnell's death Boatwright came to Tampa and gave himself up to the police, who turned him over to the county of Brevard, and he is now in jail.

"The story of the tragedy is that McDonnell, who, with his wife and child, was stopping at Boatwright's

house, had been drinking and was annoying the members of the Boatwright family by going from one room to another and refusing to remain in his own room. Boatwright is said to have put up with it for some time and then forcibly put him into his room. When McDonnell again attempted to leave it, Boatwright threw the water pitcher at him, striking him on the left side of the head. McDonnell fell to the floor, and Boatwright realizing that he was badly hurt, rushed to him, lifted him onto his bed and sent a message for Dr. Edward Smeek, who shortly arrived on the scene. This was about 10 o'clock last night, and after examining the wound the doctor expressed the opinion that the man would be all right in the morning and left.

"Boatwright said some of the members of the family remained in the room with the wounded man, and about 1 o'clock, while sitting up in bed, he suddenly collapsed, and in a few moments was dead.

"McDonnell was without means, and had been drinking a great deal of late. Because of some debt of gratitude which Boatwright owed to McDonnell's father, he had taken the man and his wife and child into his home, having expressed a hope of reforming the man."

The remains were prepared in Tampa and shipped to Micanopy, where the interment was held, deceased being placed beside one of his children which died a few months since when he was employed as an engineer there.

When sober he was a kind and considerate man, but like most all others, was unruly and ungrateful when under the influence of whiskey.

DR. MURPHREE ACCEPTS UNIVERSITY PRESIDENCY

**Elected at Joint Meeting of Boards to Fill Vacancy
Caused by Dr. Sledd's Resignation.**

The Times-Union of Sunday contained the following account of a meeting of the Board of Control at Tallahassee Saturday:

"TALLAHASSEE, April 10.—At a joint meeting of the State Board of Control and the State Board of Education held this afternoon, the resignation of President Andrew Sledd of the University of Florida at Gainesville was received and accepted, and President A. A. Murphree of the State College for Women at Tallahassee was elected to fill the vacancy.

"The resignation of Dr. Sledd obviates the differences that have existed between the two boards for several months.

"Resolutions were adopted at the meeting which make public the details of the differences which have existed and without doubt were the direct cause of the resignation of Dr. Sledd.

"The question of the duties and powers of the respective boards regarding the election of heads of the State institutions caused the dispute which led to the clash between the two boards. By an act creating and defining the duties and powers of the Board of Control, the members of this board believed that they were invested with the duty and authority to elect a head of State institutions under their control.

"A short while ago the Attorney-

General, Mr. Trammell, was asked to give an opinion regarding the duties and powers of this board, as well as the Board of Education the right to confirm or reject the appointments of any or all heads of State institutions made by the Board of Control.

"A sensation was sprung at the meeting when Chairman N. P. Bryan of the Board of Control, moved that State Superintendent Holloway produce a copy of a letter alleged to have been written by him (Holloway), and sent to certain citizens at Gainesville intimating that the Board of Commissioners of State Institutions, composed of the Governor and his cabinet, would not allow the expenditure of further funds from the appropriation of new buildings at the University if Sledd was retained. This Holloway refused to do.

"Dr. Sledd is highly regarded by the members of the Board of Control and he has done magnificent work in the development of the University. The resolutions pay tribute to his ability.

"Dr. Murphree has asked for a little time in which to consider the matter before a final decision."

Dr. Murphree Accepts.

The Sun received a message from Tallahassee Monday morning stating that Dr. Murphree had accepted the presidency of the State University, and that he would probably visit Gainesville during the coming week.

Mr. Endel in New Role.

From Wednesday's Daily Sun: Marcus Endel, of Jacksonville was in Gainesville yesterday meeting his numerous friends and acting in his official capacity as pure food inspector, having recently received this appointment from Governor Gilchrist, and will hereafter attend to two lines

during his travels around the State. Being an old Gainesville citizen, he has a large number of friends here who are always pleased to greet him.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Ailments by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Purifier.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle wrapper, same being stamped in correct under oath.

Dr. Pierce's Pleasant Cataplasms soothe and strengthen Stomach, Liver and Bowels.

Arcadia Mob Lynched a Would-be Assailant Sunday

ARCADIA, Fla., April 12.—John Smith, the negro who Saturday dragged Miss Mary Steel Ewing from her buggy, two miles from Arcadia, in an attempt at criminal assault, was taken away from the sheriff and his deputies at an early hour Sunday morning and hanged to a tree.

Miss Ewing, who had been to the city on a shopping tour, was returning to her home, four miles from the city, when the negro sprang into the buggy, seized her and dragged her into the bushes, throwing her down and choking her.

The young woman begged, fought and prayed to the negro to let her go and offered to give him \$100 in cash if he would accompany her home, but this did not stop him, who was about to force his victim into submission when Miss Ewing, in her struggle, saw Will Knowles and his brother walking some distance from the scene. With renewed vigor she screamed and this attracted the Knowles brothers, who rushed to her assistance. The negro made his escape.

After taking Miss Ewing to her

house the men rushed to this city, spread the news and bloodhounds, followed by a posse of 200 men, were soon on the trail. The negro was found at a turpentine camp and was taken before his victim, who positively identified him.

Pursuers Were in Auto.

Sheriff Freeman and his deputies succeeded in placing Smith in jail, but being afraid of an attack attempted to spirit him out of Arcadia, when they were met by an automobile party, held up and forced to give up the prisoner.

The negro, seeing that he was doomed to death, pleaded for mercy, but there was none for him in the hearts of the men, who carried him to the edge of the city, where they strung him up to a tree. His body was still hanging yesterday morning. Miss Ewing positively identified the clothing on the negro and pointed out the shirt she had torn in her efforts to escape.

Isn't there something which only a want ad. can do for you today?

Do Not Neglect a Cold.

Every cold weakens the Lungs, lowers the Vitality and makes the system less able to withstand each succeeding cold, thus paving the way for more serious diseases.

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

From Tuesday's Daily Sun:

E. A. Turner of Waldo was in the city yesterday.

W. A. Smith of Newberry was in the city yesterday.

E. W. Millican and wife of Waldo were visitors to the city yesterday.

Miss Mabel Cato of Alachua was among the shoppers in the city yesterday.

W. J. Matthews of Trenton arrived in the city yesterday on a short business trip.

L. E. Story, deputy sheriff of Windsor, was among the visitors to the city yesterday.

J. H. Allison, a sawmill man of Micanopy, was a visitor to the city yesterday.

Mrs. Annie Bynum departed yesterday for Jacksonville, where she will visit relatives for the next few days.

Arthur May of Hampton is among the visitors to Gainesville and will spend a short while here with relatives.

Mediamas James P. Lovelace and J. T. Manning have returned to Clark after spending a short while here visiting their parents.

T. K. Godbey, the man who has made a great success with plants and shrubs at Waldo, was transacting business in Gainesville yesterday.

T. M. Cauthen of Waldo was among the visitors to the city yesterday. He is now engaged in the manufacture of shingles and is operating several mills.

Deputy Sheriff W. T. Bruton left yesterday for Dunnellon with Roy Jones in charge, he having been given a sixty-days' sentence in the convict camp.

I. C. Walker, night policeman of Dunnellon, is among the visitors to Gainesville. He states that he likes the people there and it is one of the easiest towns in the State for an officer to control.

Sheriff E. Walker of Bronson was in the city yesterday. He was en route to Live Oak, where he was called to get a negro wanted in Levy county on the charge of murder, he being caught at that place.

H. C. Cato of High Springs was among the visitors to the city yesterday. He states that he is feeling better now than in years, having almost regained the use of himself from being crippled by a runaway horse.

Mrs. W. T. Waters, the popular and efficient head delivery clerk of the postoffice, has returned from a short but pleasant visit to her husband at Hickman. They own a valuable farm at that point and Mr. Waters never fails to "make good" with all his crops.

Congressman Frank Clark and wife have returned to their home from the National Capital. Congressman Clark was at St. Augustine when he was called to Washington by wire on business that demanded his attention, but returned here to look after some pressing business matters.

From Wednesday's Daily Sun:

W. S. Jackson of Lake View was among the visitors to the city yesterday.

E. F. Zetrouer of Rochelle, a merchant of that place, was in the city yesterday.

Miss Willie Jones of Rochelle was among the shoppers visiting the city yesterday.

Mrs. M. B. Saunders has gone to Rochelle, where she will pay a short visit to relatives.

Mrs. S. O. Zetrouer of Rochelle was among the many shoppers from out of town in Gainesville Tuesday.

E. Baird, W. T. Pound and Col. I. E. Webster are among the Gainesville citizens now absent in Atlanta.

Dr. J. L. Kelley is among the

A powder to be shaken into the shoes if you have tired, aching feet. Try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Cures aching, swollen, hot, sweating feet. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all Druggists and Shoe Stores. Don't accept any substitute. For FREE trial package, also Free Sample of the FOOT-EASE Sanitary CORN-PAD, a new invention, address Allen S. Quigley, Le Roy, N. Y.

Gainesville citizens attending the National Educational Association in Atlanta.

J. P. Ambrose, the efficient drug salesman for J. W. McCollum & Co., has returned from Waldo, where he went to visit his mother for a few days.

Miss Emma Estenza of Waldo, a charming young lady of that place, was shopping in the city yesterday. While here she was a guest of Miss Dorian Ellis.

H. A. Williams of Waldo was among the visitors to the city yesterday. He owns a valuable peach orchard at that place and is otherwise extensively interested in realty.

Geo. E. Pickett of Jonesboro, Fla., was a visitor to the city yesterday. He was en route to the western part of the county, where he will visit relatives for the next few days.

C. J. Grace of Evinston was in the city yesterday. He came for the purpose of doing some trading, and reports that his section is like the rest of the vegetable people—cabbage selling for \$2 per crate f. o. b.

Dr. W. C. Johnson of Micanopy was a visitor to the city yesterday. He states that his section is especially prosperous at the present time, and as the farmers are happy it makes the whole community happy. They are receiving \$2 for their cabbage f. o. b.

Conductor C. R. Carter, who for many years held the Citra run, has been transferred to trains Nos. 39 and 40 and will run from Jacksonville to St. Petersburg. His initial run will be made this week and his friends are congratulating him upon the promotion.

From Thursday's Daily Sun:

Five or 6 doses "666" will cure any case of Chills and Fever. Price 25c.

G. W. Scarborough of Waldo was among the visitors to the city yesterday.

Mrs. A. B. Hughes and daughter were among the shoppers visiting the city yesterday from Tioga.

J. G. Beville, one of the leading truckers of Arredondo, was among the visitors to the city yesterday.

Plank's Chill Tonic is guaranteed to cure chills, fever, colds and lagrippe. Price 25c. Sold by W. M. Johnson.

J. L. Halre of Tacoma, one of the enterprising truckers of that place, was among the visitors to Gainesville yesterday.

T. L. Brown of High Springs was among the business visitors to the city yesterday, having come for the purpose of paying his taxes.

O. N. Sanders of Trenton is among the visitors to the city. He is a former citizen of Bronson and was for a number of years county treasurer of Levy county.

A. L. Webb, an extensive merchant of Hawthorn, was among the business visitors to the city yesterday. He is among the old business men of that place and at one time conducted an extensive business at Ocala.

Miss Emma Wright has returned to her home at Homosassa after a short visit here to the family of Capt. S. C. Tucker. She was accompanied by Mrs. S. C. Beville and little son, who will spend some time there.

C. B. McClenny and son of Cadillac were among the visitors to the city yesterday. The former owns one of the largest peach orchards in that section and says that he will have an abundance of fruit the coming season.

Mrs. P. D. Whitney of Natchez, Miss., was among the visitors to Gainesville yesterday. She had just returned from a visit of several days to her father, Jas. Croxton, at Micanopy, and was en route to her home. While here she was the guest of Mrs. M. B. Saunders.

Contractor W. T. Zetrouer, who has charge of the brick work on the Davis & Olliver stables, states that with favorable weather he will complete this part of the work by Friday. He has rushed the contract as fast as he could secure the material and the work shows up to fine advantage.

NOTICE.

Take notice that I will, on the first Thursday of July, A. D. 1909, or as soon thereafter as I may be heard, apply for a pardon for Oscar Hopkins, who was convicted at the spring term of the Circuit Court for Alachua county in 1905 of murder in the second degree. Anyone desiring may then be heard on the merits of the application.

WILLIAM C. HODGES,
Attorney for Petitioner.

SUDDEN DEATH OF MR. J. O. LAFONTISEE

EXPIRED IN HIS ROOM IN WASHINGTON CITY TUESDAY.

Information Received by Relatives Gave No Intimation of Cause of His Death.

From Wednesday's Daily:

News was received in Gainesville Tuesday of the sudden death of Mr. J. O. LaFontisee, who was well-known in this city and a young man esteemed by a large circle of friends.

No particulars were obtained, further than a brief wire which announced the fact that he had been found dead in his room at the St. Regis Hotel, in Washington, D. C., about 12 o'clock, which is about 11 o'clock by our time.

Mrs. LaFontisee had left Washington only a few days previous and arrived at Hawthorn, where her sister, Miss Stringfellow, was to be married today. At the time of her departure Mr. LaFontisee was in fine health, which makes his death come as a great surprise.

Mr. LaFontisee was born in New York State but came to this city when but a mere child and began work in the newspaper business. His advancement in his chosen profession was remarkable and for many years he held responsible positions on this paper, going from the bottom up to the city editorship and made one of the best news gatherers ever employed in this capacity.

He left the employ of this paper to enter a larger field of work and was soon filling the position of city editor of The Times-Union, but resigned after a year's service and at the time of his death was engaged in classifying the work of the Forestry Department, the data having been secured by several men under him as chief, and embraces all of the Southern naval stores States.

He also figured very prominently as campaign manager for Governor Gilchrist, and being well-known from his long and continued newspaper work in various sections of the State, his influence and business judgment was largely instrumental in the final result.

Mr. LaFontisee was about 38 years of age, and by his genial disposition and pleasant words for all had gained a friendship among a large number who will deeply sympathize with the wife and bereaved relatives.

No arrangements have as yet been made by the family concerning the funeral services, but it is understood that the remains will be shipped to this city.

GAS WAS CAUSE OF DEATH.

Remains of J. O. LaFontisee Expected to Arrive Today.

The remains of the late J. O. LaFontisee are expected to arrive in Gainesville today, when the final arrangements for the funeral services will be decided upon.

Particulars regarding his untimely death cannot be obtained in full, but from what can be learned it is supposed that his death was due to illuminating gas.

No one anyway connected with the family were present at the time of his death and all information so far received has been indirect.

His devoted wife, who left him only a few days ago, is prostrated with grief at her former home at Hawthorn.

An investigation is now being conducted and particulars leading up to his death, that is so far as can be obtained, will be made known within the next few days.

Mr. LaFontisee, or "Johnnie," as he was generally known, numbered his friends by the score, he having lived in Gainesville the most of his life. The sad news was a great surprise to his many friends throughout the State.

It is understood that the funeral will be held at Hawthorn and the remains laid to rest there, that being the home of his wife's parents.

To the bereaved wife, father and mother, and to all members of the family, The Sun joins in extending deepest sympathy, for John seemed always "one of us." Sad indeed was the moment when the announcement of his demise was made known in this office.

DEATH OF MRS. PURDOM.

Died Tuesday Night from Consumption After a Long Illness.

Mrs. W. V. Purdom died at her home on North Oak avenue Tuesday night after having suffered for the past year or more with that dread disease, consumption.

Deceased was about 26 years of age and had been a resident of Gainesville for the past six months, but owing to her condition had been unable to be up to any extent.

She leaves besides the husband, three small children, her mother and a number of other relatives to mourn her demise.

The funeral services were conducted by Rev. F. R. Bridges from the home at 4 o'clock Wednesday afternoon and concluded at Evergreen Cemetery, the following gentlemen acting as pallbearers: Henry M. Chitty, Ferdinand Bayer, E. H. Waters, W. R. McKinstry, P. D. Fagan and G. L. Thompson. The floral tributes attested the love and esteem of kind friends.

Among the out-of-town relatives present at the funeral were: Mr. and Mrs. S. N. Thomas, Plant City; Mr. and Mrs. E. C. Newsom, Jacksonville, and Mrs. T. M. Booth, Jacksonville.

While Mrs. Purdom had been a resident of Gainesville only a short while, by her clever disposition and genial manner had won a host of friends who join The Sun in extending condolence to the bereaved.

ANOTHER CULVERT FOR SWEETWATER BRANCH

TO BE PUT IN ON MECHANIC STREET OPPOSITE SCHOOL.

Several Items of Property Assessments Reduced—Tax Collector's Report Received.

From Wednesday's Daily Sun:

At an adjourned meeting of the City Council Monday evening the following members were present: President Pro Tem Cannon, Aldermen Burnett, Broome, Graves, Vidal, and Clerk Dell.

The committee on claims, through its chairman, S. J. Burnett, made the following recommendations, which were adopted by the board: That the property of Mrs. Bauknight on Liberty street be reduced to \$2,000 and on Union street to \$3,000; Willis McRae from \$400 to \$100.

Alderman Burnett moved that the bills of Tax Collector Ellis for \$100 and \$519.41 be paid out of the Officers' Fund.

Alderman Graves moved that Mr. Cairn be awarded the contract for stone sewers across East Main street at 54 cents per foot and the catch boxes at cost of 11 per cent extra, which was carried.

The chairman of the street committee was instructed to get bids for putting in a culvert on East Mechanic street across Sweetwater branch.

The report of Tax Collector Ellis showing taxes collected \$14,875.78 and licenses \$39.25 was received and ordered filed.

Upon motion an adjournment was taken until Thursday evening at 7:30, when they will meet to canvass the returns of the election and transact such other business as may come before the meeting.

Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in a half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 35c., also in 50-cent sizes.
